

Christmas & Winter Package

Oulu & Lapland – Finland

4D3N | 5D4N

We warmly welcome you to explore the best parts of Northern Finland during the upcoming winter season.

See example itineraries on the following pages and remember, all itineraries can be customized according to your wishes!

4 Days, 3 Nights Itinerary

Day 1: Arrival in Oulu, check in at Original Sokos Hotel Arina, HB dinner.

Day 2: Day trip to Ranua Wildlife Park (7-8 hrs), HB dinner.

Day 3: Day Trip to Rovaniemi (12 hrs), HB dinner.

Day 4: Free morning in Oulu and afternoon departure.

5 Days, 4 Nights Itinerary

Add one more day with additional activities, e.g.:

Day trip to Sampo ice breaker (8-9 hrs).

Reindeer farm visit (4-5 hrs).

Looking for the perfect Christmas tree and Christmas crafts (4-5 hrs).

Northern light hunting (3-5 hrs).

Ice-fishing (3 hrs).

Additional activities subject to availability.

Day Trip to Sampo or Arktis Icebreaker

Icebreakers Sampo and Arktis cruise during the wintertime almost daily in Kemi, Sea Lapland. We guarantee that the experience will be one of the most memorable travel experiences that one can have in their life!

The frozen sea itself is a sight to behold, not to mention the fact that you can walk on it. Watching and feeling the vessel moving across the ice field truly is something special.

The vessel also makes a swimming pool on the frozen sea and stops for the ice floating event.

Arktis incl. transfers, 3h icebreaker cruise, ice floating experience, walking on ice, diploma.

Sampo incl. transfers, 4 h icebreaker cruise, ice floating experience, walking on ice, guided tour around the vessel, diploma, welcome drink, lunch or brunch buffet on board, entrance to the SnowExperience365.

Day Trip to a Reindeer Farm

Have you dreamed to travel through the snowy forest sitting in a reindeer sleigh? Then this excursion is the right one for you!

The reindeer and the reindeer herder wish you warmly welcome to the reindeer farm! You will get a proper introduction to the world of these Arctic calm animals.

You will learn how they are prepared for the drive and you yourself will also be prepared to enjoy the drive through the trail sitting in a sleigh. Reindeers will walk slowly in the forest for 1,5km route back where you started and you will get driving license from driving the reindeer.

After the ride you can try how the suopunki, a Lappish lasso, works in catching the reindeer. You can also treat your reindeer with their favorite snack and take a photo with them as a memory.

In the cozy koto you will get to hear stories about the life with the reindeer and enjoy a traditional soup lunch (creamy reindeer soup, dessert, coffee/tea).

Incl. transfers, introduction to the life of reindeer, sleigh ride, diploma and lunch.

Looking for the Perfect Christmas Tree and Christmas Crafts

In Finland, the Christmas tree is an essential part of our Christmas tradition, and Finland is the most forested country in Europe. What makes it unique is that private individuals own the majority of our forests.

On this day trip to Sanginjoki Nature Reserve area in Oulu, you'll learn about the Finnish forest and join a winter excursion with our forest expert and nature guide.

A walk through the snowy forest includes stories about our special relationship with nature. We'll pause to enjoy hot drinks by the campfire, and then head to Loppula, the former forest ranger's house that has been transformed into a nature café in 2023.

At Loppula, we'll savor a traditional Christmas time rice porridge or soup lunch and create small holiday mementos to take home.

If the excursion is scheduled after the holiday season, both the lunch and crafting activity will be tailored to the current season.

Total walking distance 1-2 km. Incl. transfers, guidance, warm drinks and snacks by fire, lunch, and craft workshop.

Ice Fishing on the Frozen Sea Ice

Experience the Thrill of Ice Fishing in Oulu!

Join us for an exhilarating ice fishing adventure on the Gulf of Bothnia just outside Oulu. Ice fishing, a popular and exotic method, awaits you.

Gear up with winter essentials and an ice drill as we head out onto the frozen sea. With a few drill holes and some bait, you might just reel in a catch of perch.

Expert guides will share Gulf of Bothnia ice fishing traditions along the way. Don't miss this unique adventure!

Incl. transfers, guiding, fishing equipment, winter overalls, gloves, thermal boots and a beanie.

Northern Light Hunting

We have different options for Northern light hunting tours: choose Northern light hunting by bus, where we drive to different locations with best viewing probability according to the Aurora forecast; or choose a Northern light hunting trip to snowy forest, where we will walk through the magical, snowy winter forest and make a break by a campfire, where we will enjoy snacks and warm drinks.

If we are lucky, we may even see the Northern lights dancing on the sky!

Incl. transfers, guidance, warm drink. Depending on the chosen program also snacks by fire, thermal clothing and headlamps.
